

PLANICA ZIPLINE – THE STEEPEST ZIPLINE IN THE WORLD

All participants and the operator of the Planica Zipline device should follow the safety instructions for the use of the Planica Zipline device:

TERMS OF USE

The Planica Zipline is constructed in accordance with the SIST EN 15567-1 standard and is designed for persons older than 10 years or older than 6 years in the case of a tandem ride, without any mental or physical issues related to heights, or for whom the use of the Planica Zipline device would present health or other risks or danger.

Minimum height of the participant: 140cm

Minimum weight of the participant including the equipment (total): 35kg

Maximum weight of the participant including the equipment (total): 120kg

Participants under 15 years of age may ride the zipline only accompanied by their parents or adult guardians.

In the case of a tandem ride the restrictions are as follows:

The minimum height of a child using a children's safety harness: 120cm

Maximum weight of both zipline riders including the equipment (total): 120kg

Prior to the ride participants must sign the statement confirming their familiarisation with the safety measures and restrictions. Minors are familiarised with the Terms of Use by their parents or guardians who sign the safety statement on their behalf.

RESTRICTIONS OF USE

The use of the Planica Zipline device is prohibited for:

1. Persons who do not meet the above stated criteria;
2. Persons under the influence of alcohol, drugs or other substances having a damaging impact on their mental and physical fitness;
3. Persons with spine injuries;
4. Persons with elevated blood pressure or cardiovascular diseases;
5. Pregnant women;
6. Persons with epilepsy;
7. Persons who have undergone a surgery in the last 6 months;
8. Persons who have undergone eye surgery in the last 3 months;
9. Physically disabled – should be warned about the possible pain. Participation only at one's own risk.

RULES OF USE

The Rules of Use of the Planica Zipline device:

1. Every participant must be familiarised with the rules before using The Planica Zipline device. Participants agree with and confirm this by signing the statement. Participants under 15 years of age must be familiarised with the Rules of Use by an adult person who confirms this with a signature (name and surname of the responsible person, participants' and contact information are required). By signing the statement the participants confirm that they will ride the Planica Zipline at their own risk.
2. There are risks associated with the use of the Planica Zipline device. Thus, it is used at one's own risk. The responsibilities of the operator are stated in Point 9.
3. The Planica Zipline device is designed for persons older than 10 years or older than 6 years in the case of a tandem ride, without any mental or physical issues related to heights or for whom the use of the Planica Zipline device would present health or other risks or danger. Children under 15 years of age may ride the zipline device only accompanied by their parents or adult guardians.
4. Participants are not allowed to carry small objects such as jewelry, mobile phones, cameras etc. when riding the Planica Zipline device since they may present a risk for them and other persons.

5. Participants with long hair must tie their hair in a ponytail with a hair tie.
6. Every participant must take part in the explanation of safety instructions comprising the theoretical and practical part. All instructions of the Planica Zipline staff or organiser are binding and must be observed. In the case of violation, the participant may be requested to leave the Planica Zipline device. If the safety instructions of the instructor or organiser are not observed the operator does not assume any related claims.
7. The use of the Planica Zipline device is allowed only with special safety equipment provided by the operator. The safety equipment includes: safety helmet, safety harness, handle and a prescribed trolley. It is strictly forbidden to use the Planica Zipline device with any equipment not prescribed by the operator or device manufacturer. All personal safety equipment must be used in accordance with the rules of the manufacturer or operator and must not be taken off or handed over to other persons.
8. Participants are responsible for the damages of personal safety equipment caused by their misuse or careless handling.
9. The Planica Zipline device operator is responsible for personal injuries within the scope of the legal provisions. The operator is held responsible for material damage and pecuniary loss only in the case of gross negligence of the organiser or persons responsible for operation.
10. The management reserves the right to demand from the persons not observing the Rules of Use to immediately leave the Planica Zipline device.
11. The management reserves the right to stop the activity due to safety and technical reasons (fire, storm, tempest, glaze ice, etc.).
12. The participants are not entitled to a refund of the admission fee if they leave the Planica Zipline device on their own accord.
13. The use of the Planica Zipline device is prohibited under the influence of alcohol, drugs or other substances having a damaging impact on mental and physical fitness.
14. Smoking is prohibited during the use of the Planica Zipline device or when wearing safety equipment.
15. The use of the Planica Zipline device at times other than the fixed opening hours is strictly prohibited and extremely dangerous.
16. By signing the statement the participants allow the use of personal data filled out in the Rules for the purposes of the Planica Zipline device operation.
17. The use of images and/or videos for the purposes of professional advertising is allowed only with the consent of the Planica Zipline device operator and prohibited without their authorisation.
